**MYSTERIOUS AFFAIR**  
POLICE OFFICIALS PUZZLED BY  
A DOUBLE TRAGEDY IN THE  
CITY OF CHICAGO.

Chicago, Sept. 24.—Early Wednesday morning the dead bodies of Harriet Elizabeth Weber and Innocenti Talamini, a marble cutter, were found by a newspaper carrier on Lexington avenue just south of Fifty-fourth street. Both had been shot twice, and while there are indications that the man shot the woman and then killed himself, there are other features to the case that make it somewhat mysterious. Arthur M. Laurie, with whom the dead woman had made her home, will be held by the police until after the inquest. There is no evidence connecting him with the shooting, but he is detained as a witness.

The body of the woman was identified in a short time as that of "Mrs. Laurie," but when Laurie was brought to the police station he said that she was not his wife and that he did not know the dead man.

In going through the effects of Miss Weber an envelope was found, addressed, evidently in the handwriting of a man, to Innocenti Talamini. In seeking Talamini to find what he might know of the woman or the shooting, the officers identified the dead man as Talamini himself. No cause is known why Talamini should have shot the woman, but she had told several of her friends the day before of a Jew who had been following her and of whom she was afraid. Talamini has a Hebrew countenance, and it is the general theory that he shot her because she refused to marry him.

The woman when found had been shot twice, through the left arm and through the breast. Talamini was shot twice, once through the neck and once upward through the chin, the bullet coming out at the top of his head. In the man's hand was a revolver with four chambers discharged, accounting for the four shots fired. The people living in the neighborhood where the tragedy occurred declare that more than four shots were fired, and one bullet crashed through the window of a house near by. These facts have led the police to believe that there may have been a third party to the shooting.

The Weber woman is a native of Detroit, Mich., having come here from that city several years ago.

## ADJUST DIFFERENCES

GREAT NORTHERN RAILWAY OFFICIALS AND THE ENGINEMEN  
FINALLY AGREE.

CONCESSIONS BY BOTH SIDES

WAGES OF FIREMEN INCREASED  
TO THE SCALE OF OTHER  
WESTERN LINES.

St. Paul, Sept. 24.—A settlement was effected last night between General Manager Frank E. Ward of the Great Northern and the grievance committee of the firemen's and engineers' organizations.

What the terms of the agreement are neither side would say, as it was agreed that the terms of settlement be kept secret. However, Mr. Ward said that the firemen were given a slight advance in pay, placing the Great Northern's wage scale on a level with the Northern Pacific's and the other transcontinental lines. The other concessions granted by the company were in the line of modifications of the working rules.

The settlement was made at a conference held last night in General Manager Ward's office. The differences had been practically adjusted at a meeting held earlier in the day, but at the evening conference the details of the agreement were arranged. Grand Officers Stone and Hanrahan and Chairman Ryan, of the joint grievance committee, were present at the meeting.

Immediately after the conference adjourned Mr. Stone and Mr. Hanrahan left for Cleveland. The joint committee will remain in St. Paul for two or three days to complete the arrangement of the working schedule.

The new working scale will affect between 800 and 900 engineers and firemen employed on the several divisions of the Great Northern.

The negotiations, which were successfully terminated last night, were begun about six weeks ago. Firemen and engineers, representing the different divisions, met and formulated a list of demands, the firemen asking that the Great Northern's wage scale be raised to the scale of the Northern Pacific.

Presented Demands Three Weeks Ago.

The men's demands were presented to the company about three weeks ago. For several days conferences were held with General Superintendent G. T. Slade. After there had been about a dozen conferences with the general superintendent, General Manager Ward was called upon to take charge of the negotiations for the company. Shortly before this, the grievance committee asked the grand officers of the Brotherhood of Firemen and the Brotherhood of Engineers to conduct its case.

Soon after the arrival of Grand Officers Hanrahan and Stone the negotiations were brought to a temporary close. Mr. Ward and Superintendent Slade being obliged to leave the city on an extensive inspection tour.

When Mr. Ward returned Monday the negotiations were at once resumed. Two conferences were held Tuesday at which the situation was thoroughly canvassed. The committee again met with the general manager for a few minutes yesterday morning and another conference was held in the afternoon. At these two meetings a basis for settlement was agreed upon and at last night's meeting the terms of the settlement were ratified by the men and General Manager Ward.

According to the statements of the men and the company officials, both sides made slight concessions.

The new working scale will become effective Dec. 1.

The Great Northern carmen met with Superintendent Slade Tuesday and asked for an increase in wages and a readjustment of the working schedule.

ALL THE MEN QUIT WORK.

Minneapolis Flouring Mills Close Down Indefinitely.

Minneapolis, Sept. 24.—All the Minneapolis flouring mills were closed indefinitely at midnight. At that hour all the men quit work, excepting a few who remained a few minutes to allow the rolls to run clean. There was no violence or disorder of any sort. Most of the mills have notices posted to the effect that the time of all the men who quit will be ready for them this morning and that all men who do not report for duty can consider themselves discharged. The strike involves about 1,700 men.

The millers repulsed the overtures of the flour loaders to submit to the loaders to make eight hours at 25 cents an hour constitute a day's work, instead of ten hours at 25 cents an hour.

CLAIMS AGAINST VENEZUELA.

Those of Foreign Nations Total Almost Forty-five Million Dollars.

Caracas, Venezuela, Sept. 24.—The official figures of the claims presented by foreign nations to the mixed tribunals now sitting in Caracas are as follows: France, \$15,040,000; United States, \$10,900,000; Italy, \$3,300,000; Belgium, \$3,992,860; Great Britain, \$2,500,000; Germany, \$1,417,369; Holland, \$1,046,450; Spain, \$600,000; Mexico, \$500,000; Norway and Sweden, \$200,000; total, \$44,797,619.

## DISCUSSES CROP PROSPECTS.

Secretary Wilson Says the Yield of Corn is Light.

Washington, Sept. 24.—Secretary Wilson of the agricultural department returned to Washington last night from Ogden, Utah, where he delivered a speech before the irrigation congress. His journey both ways took him through the heart of the corn belt and he said:

"The corn crop, owing to the peculiarity of the season, was late and light. Heavy floods destroyed it on bottom lands to a great extent. Continued rains throughout June and July saturated the level lands and retarded the growth of corn. The frost has injured in streaks. Through Central Iowa perhaps one-quarter of the crop has been touched by frost, but what has not been affected by frost is ripening rapidly with this fine weather.

"There will be plenty of corn in the country because feeding last year was unprofitable and many feeders will feed less this year.

"A very heavy hay crop was secured this season and pastures have been and still are in excellent condition.

"As to wheat, threshing has been delayed by rainy weather. If the present good weather continues it will progress rapidly. In considering the wheat crop we must take in account all of the wheat growing countries. We are getting into telegraphic relationship with most of the European countries so as to be able to estimate the world's crop more closely than has heretofore been done. Taking our farm products as a whole, there is an abundance in the land."

## WITHHELD FROM THE PUBLIC.

Reports on Militia Inspection of a Confidential Character.

Washington, Sept. 24.—Owing to the confidential character of the reports made by the officers of the regular army who inspected the militia organizations of the several states and territories with a view to giving them the benefits of the provisions of the Dick militia law, the officials of the war department have decided to withhold the report from the public. Copies of the report will be sent to the governors of the states and territories concerned for their information and guidance.

## KING TAKES A HAND

BRITISH MONARCH ACTIVELY INTERESTED IN FORMATION OF  
NEW CABINET.

London, Sept. 24.—The political crisis has taken on a phase which tends to give the present situation an historical and constitutional importance of almost unprecedented interest. The king has influenced, not unconstitutionally nor beyond the powers vested in the crown, but in the exercise of his prerogative to an extent never dreamed of in the Victorian era.

Premier Balfour's continued presence at Balmoral has given rise to much surmise and comment, but it is due to the king's determination not to assent to the formation of a new cabinet until thoroughly satisfied that its personnel and combination are such as to ensure the efficient carrying on of the affairs of the empire pending the resumption of parliament. For years cabinets were formed or ministerial vacancies filled with the mere formal presentation to the sovereign of the names of the new ministers. King Edward has done away with this tradition. He has spent the last few days in constant discussion with Mr. Balfour as to the advisability from the point of view of the national welfare of Balfour's suggested appointments.

To such an extent is King Edward holding his power of veto in reserve that now he is almost regarded by the inner circles as more the cabinet-maker than Mr. Balfour himself. Though, with his usual tact, the king has refrained from expressing any political view or infringing the initiative belonging to the ministers, this has not prevented him from expressing his genuine desire, amounting almost to a command, that steps be taken to remedy the scandals in the army administration revealed by the report of the South African war commission and insisting that the new cabinet shall be one adapted to deal with that question.

Every detail of the negotiations for filling up the vacancies in the cabinet are submitted to the king, who for the time being has transformed Balmoral into the political center of the empire, from which, owing to the unusual influence at work, several surprises may emanate. Whatever the results may be, they can safely be attributed to a large extent to the king's interest in the crisis.

## CIVIL WAR VETERANS BARRED.

Not Allowed to Attend Funeral Services in Uniform.

Milwaukee, Sept. 24.—A special to the Sentinel from Neenah, Wis., says: A sensation has been caused in local G. A. R. circles over a ruling of the Rev. Albert Froehke, which barred G. A. R. men in uniform from attending the funeral services of Ferdinand Sauer in the German Lutheran church. Rev. Froehke stated that the action was merely enforcing the rules of the church, Sauer was a prominent G. A. R. man and before his death selected members of the local post to act as pall bearers. As a result of the ruling none of the old soldiers attended the funeral.

Those present at the funeral state that when brought into the church the casket was draped with an American flag and the pastor ordered this removed. His action has caused much criticism in Neenah.

## BREAKS THE RECORD

PRINCE ALERT CLIPS TWO SECONDS FROM THE MARK SET  
BY DAN PATCH.

REELS OFF A MILE IN 1:57

FINISHES FASTEST TRIAL OF A  
HARNESS HORSE WITH FINE  
BURST OF SPEED.

New York, Sept. 24.—Prince Alert, the pacing hero of a hundred races and the champion of a score of half-mile tracks, went against the world's pacing record of 1:59, held by Dan Patch, and lowered it to 1:57 Wednesday at the Empire City track. It was the first day of the autumn meeting of the Empire City Trotting club, and in addition to a strong card of four races, Prince Alert was billed for what looked like the impossible feat of lowering the record. But Prince Alert recently won the half mile track championship in 2:03 1/4, which had been won only the week before by Dan Patch in 2:04. The weather and track were perfect, and the wind, which was high early in the day, subsided so that all conditions were favorable. Mart Demarest, trainer and driver of Prince Alert, on account of overweight, decided to let John Curry drive, while Demarest drove a thoroughbred speedmaker in front with the wind-shield sulky. At the third score, the starter gave the word and, pacing smoothly, Prince Alert shot away to the quarter pole in 29 1/4, as he entered the stretch, he increased his speed and was at the half in :58. Then the crowd realized that they were witnessing the fastest mile ever traveled by a horse, and cheers and shouts of "Come on!" came from grandstand and lawn. Without a break or a tremor, he flashed by the three-quarter pole in 1:26 1/4, and with an urging came on with a most superb burst of speed, crossing the wire in 1:57.

## Dan Patch Fails to Lower His Record.

Columbus, O., Sept. 24.—The attraction Wednesday at the grand circuit meeting was Dan Patch's race against time, to beat his record of 1:59. The track was fast and weather conditions were almost perfect, but the best the pacer could do was 1:59 1/4.

## WORK OF INCENDIARIES.

Fire at Morse, Wis., Does Immense Damage.

Milwaukee, Sept. 24.—A special to the Evening Wisconsin from Mellen, Wis., says: Incendiarists started a fire which nearly wiped out the village of Morse, thirty-seven miles south of Ashland, in Ashland county, early Wednesday morning and caused a loss of \$300,000, partially covered by insurance.

The sawmill and store of T. R. Chase were destroyed, together with 6,000,000 feet of lumber. The fire also burned several small buildings in the vicinity. The blaze started at 2 o'clock in the morning in the lumber yard, and from all that the authorities can learn, was the work of a former employee of the mill who was recently discharged. The man has disappeared, but it is thought that he will be arrested in a few days, as the sheriff has been notified and the authorities have a clue as to his present whereabouts.

The fire spread rapidly to all parts of the yard and soon the mill and store were in flames. One man was asleep in the store and the watchman had much trouble in waking him up. It was impossible to get out of the door, so that the man was forced to dash out of a window dressed only in his night clothes. He was burned and severely cut by broken glass. All of the inhabitants of the village turned out and fought the fire, but to no avail, and it raged until it burned itself out in the morning.

## TO FREEZE OUT STOCKHOLDERS.

Action of Consolidated Lake Superior Directors Viewed With Suspicion.

Sault Ste. Marie, Mich., Sept. 24.—The steamer Minnie M., which was expected to arrive Wednesday afternoon with 1,500 miners, employees of the Consolidated Lake Superior company, did not arrive last night, owing to the severe storm on Lake Superior, and it is not believed that the steamer will come in until some time today.

A story has been in circulation to the effect that the Consolidated Lake Superior company is not in as serious a financial condition as has been given out of late. The people have begun to argue that present actions are simply for the purpose of whipping into line the so-called "dissenters" among the stockholders.

Mayor W. H. Plumber said that he thought the stories given out by officers of the company of its state of destitution, were all offered in the interest of a game, which financiers are playing in Philadelphia and New York. There is talk of calling a grand jury to investigate the reports that have been given out, which are styled a deliberate attempt to freeze out the small Canadian stockholders.

## Mystery Surrounds His Death.

Red Bank, N. J., Sept. 24.—Robert Allen, Jr., a prominent lawyer, died at Red Bank, N. J., Wednesday. There is some mystery about the cause of his death and it is reported that he died from the effects of a shot wound.

**MYSTERIOUS AFFAIR**

POLICE OFFICIALS PUZZLED BY  
A DOUBLE TRAGEDY IN THE  
CITY OF CHICAGO.

Chicago, Sept. 24.—Early Wednesday morning the dead bodies of Harriet Elizabeth Weber and Innocenti Talamini, a marble cutter, were found by a newspaper carrier on Lexington avenue just south of Fifty-fourth street. Both had been shot twice, and while there are indications that the man shot the woman and then killed himself, there are other features to the case that make it somewhat mysterious. Arthur M. Laurie, with whom the dead woman had made her home, will be held by the police until after the inquest. There is no evidence connecting him with the shooting, but he is detained as a witness.

The body of the woman was identified in a short time as that of "Mrs. Laurie," but when Laurie was brought to the police station he said that she was not his wife and that he did not know the dead man.

In going through the effects of Miss Weber an envelope was found addressed, evidently in the handwriting of a man, to Innocenti Talamini. In seeking Talamini to find what he might know of the woman or the shooting, the officers identified the dead man as Talamini himself. No cause is known why Talamini should have shot the woman, but she had told several of her friends the day before of a Jew who had been following her and of whom she was afraid. The people living in the neighborhood where the tragedy occurred declare that more than four shots were fired, and one bullet crashed through the window of a house near by. The Weber woman is a native of Detroit, Mich., having come here from that city several years ago.

## ADJUST DIFFERENCES

GREAT NORTHERN RAILWAY OFFICIALS AND THE ENGINEERS FINALLY AGREE.

CONCESSIONS BY BOTH SIDES

WAGES OF FIREMEN INCREASED TO THE SCALE OF OTHER WESTERN LINES.

St. Paul, Sept. 24.—A settlement was effected last night between General Manager Frank E. Ward of the Great Northern and the grievance committee of the firemen's and engineers' organizations.

What the terms of the agreement are neither side would say, as it was agreed that the terms of settlement be kept secret. However, Mr. Ward said that the firemen were given a slight advance in pay, placing the Great Northern's wage scale on a level with the Northern Pacific's and the other transcontinental lines. The other concessions granted by the company were in the line of modifications of the working rules.

The settlement was made at a conference held last night in General Manager Ward's office. The differences had been practically adjusted at a meeting held earlier in the day, but at the evening conference the details of the agreement were arranged. Grand Officers Stone and Hanrahan and Chairman Ryan, of the joint grievance committee, were present at the meeting.

Immediately after the conference adjourned Mr. Stone and Mr. Hanrahan left for Cleveland. The joint committee will remain in St. Paul for two or three days to complete the arrangement of the working schedule. The new working scale will affect between 800 and 900 engineers and firemen employed on the several divisions of the Great Northern.

The negotiations, which were successfully terminated last night, were begun about six weeks ago. Firemen and engineers, representing the different divisions, met and formulated a list of demands, the firemen asking that the Great Northern's wage scale be raised to the scale of the Northern Pacific.

Presented Demands Three Weeks Ago.

The men's demands were presented to the company about three weeks ago. For several days conferences were held with General Superintendent G. T. Slade. After there had been about a dozen conferences with the general superintendent, General Manager Ward was called upon to take charge of the negotiations for the company. Shortly before this, the grievance committee asked the grand officers of the Brotherhood of Firemen and the Brotherhood of Engineers to conduct its case.

Soon after the arrival of Grand Officers Hanrahan and Stone the negotiations were brought to a temporary close. Mr. Ward and Superintendent Slade being obliged to leave the city on an extensive inspection tour.

When Mr. Ward returned Monday the negotiations were at once resumed. Two conferences were held Tuesday at which the situation was thoroughly canvassed. The committee again met with the general manager for a few minutes yesterday morning and another conference was held in the afternoon. At these two meetings a basis for settlement was agreed upon and at last night's meeting the terms of the settlement were ratified by the men and General Manager Ward.

According to the statements of the men and the company officials, both sides made slight concessions.

The new working scale will become effective Dec. 1.

The Great Northern carmen met with Superintendent Slade Tuesday and asked for an increase in wages and a readjustment of the working schedule.

## BREAKS THE RECORD

PRINCE ALERT CLIPS TWO SECONDS FROM THE MARK SET BY DAN PATCH.

REELS OFF A MILE IN 1:57

FINISHES FASTEST TRIAL OF A HARNESS HORSE WITH FINE BURST OF SPEED.

New York, Sept. 24.—Prince Alert, the pacing hero of a hundred races and the champion of a score of half-mile tracks, went against the world's pacing record of 1:59, held by Dan Patch, and lowered it to 1:57 Wednesday at the Empire City track. It was the first day of the autumn meeting of the Empire City Trotting club, and in addition to a strong card of four races, Prince Alert was billed for what looked like the impossible feat of lowering the record. But Prince Alert recently won the half mile track championship in 2:03 3/4, which had been won only the week before by Dan Patch in 2:04. The weather and track were perfect, and the wind, which was high early in the day, subsided so that all conditions were favorable. Mart Demarest, trainer and driver of Prince Alert, on account of overweight, decided to let John Curry drive, while Demarest drove a thoroughbred speedmaker in front with the wind-shield sulky. At the third score, the starter gave the word and, pacing smoothly, Prince Alert shot away to the quarter pole in 29 3/4; as he entered the stretch, he increased his speed and was at the half in :58. Then the crowd realized that they were witnessing the fastest mile ever traveled by a horse, and cheers and shouts of "Come on!" came from grandstand and lawn. Without a break or a tremor, he flashed by the three-quarter pole in 1:26 3/4, and without any urging came on with a most superb burst of speed, crossing the wire in 1:57.

Dan Patch Fails to Lower His Record.

Columbus, O., Sept. 24.—The attraction Wednesday at the grand circuit meeting was Dan Patch's race against time to beat his record of 1:59. The track was fast and weather conditions were almost perfect, but the best the pacer could do was 1:59 1/4.

WORK OF INCENDIARIES.

Fire at Morse, Wis., Does Immense Damage.

Milwaukee, Sept. 24.—A special to the Evening Wisconsin from Mellen, Wis., says: Incendiaries started a fire which nearly wiped out the village of Morse, thirty-seven miles south of Ashland, in Ashland county, early Wednesday morning and caused a loss of \$300,000, partially covered by insurance.

The sawmill and store of T. R. Chase were destroyed, together with 6,000,000 feet of lumber. The fire also burned several small buildings in the vicinity.

The blaze started at 2 o'clock in the morning in the lumber yard, and from all that the authorities can learn, was the work of a former employee of the mill who was recently discharged. The man was disappeared, but it is thought that he will be arrested in a few days, as the sheriff has been notified and the authorities have a clue as to his present whereabouts.

The fire spread rapidly to all parts of the yard and soon the mill and store were in flames. One man was asleep in the store and the watchman had much trouble in waking him up. It was impossible to get out of the door, so that the man was forced to dash out of a window dressed only in his night clothes. He was burned and severely cut by broken glass. All of the inhabitants of the village turned out and fought the fire, but to no avail, and it raged until it burned itself out in the morning.

TO FREEZE OUT STOCKHOLDERS.

Action of Consolidated Lake Superior Directors Viewed With Suspicion.

Sault Ste. Marie, Mich., Sept. 24.—The steamer Minnie M., which was expected to arrive Wednesday afternoon with 1,500 miners, employees of the Consolidated Lake Superior company, did not arrive last night, owing to the severe storm on Lake Superior, and it is not believed that the steamer will come in until some time today.

A story has been in circulation to the effect that the Consolidated Lake Superior company is not in as serious a financial condition as has been given out of late. The people have begun to argue that present actions are simply for the purpose of whipping into line the so-called "dissidents" among the stockholders.

Mayor W. H. Plumber said that he thought the stories given out by officers of the company of its state of destitution, were all offered in the interest of a game, which financiers are playing in Philadelphia and New York. There is talk of calling a grand jury to investigate the reports that have been given out, which are styled a deliberate attempt to freeze out the small Canadian stockholders.

Mystery Surrounds His Death.

Red Bank, N. J., Sept. 24.—Robert Allen, Jr., a prominent lawyer, died at Red Bank, N. J., Wednesday. There is some mystery about the cause of his death and it is reported that he died from the effects of a shot wound.

# ARE YOU AFFLICTED WITH ECZEMA

**THE ITCH KING OF THE BLOOD**

The prevalence of Eczema among the young and old is due to the introduction of poisonous matter in the blood. Those pimples, sores and eruptions upon the face, neck and body are all caused by impure blood. ECZEMA is a living fire to the blood, and the blood fires the skin with the fuel of its impurities; remove the impurity and the trouble passes away. MEDERINE is a specific blood purifier that cleanses, filters and purifies the blood of every possible taint, and quickly and permanently cures Eczema. Thousands of well-known citizens in every section of the country have been cured by the MEDERINE treatment after all other remedies had failed. This is the reason that every bottle of MEDERINE is sold on the positive and absolute guarantee that it will cure.

**Eczema on Face and Neck.**  
Sam S. Clark, St. Joseph, Mo., writes: I have been afflicted for years with pimples and blotches on my face and neck. I was a sight to look upon. After trying all the best known remedies for 18 months, I tried MEDERINE, and it cured me and my face is now free from pimples, blotches and all signs of Eczema. Heroin find an express order for another course of treatment for a friend of mine.

**Eczema Permanently Cured.**  
Mrs. Francis L. Cooley, Memphis, Tenn., says: I write to tell you that my Eczema of twelve years standing is cured. All the little pustular eruptions on my back and legs have disappeared. The skin of my body for years was covered with reddish spots and inflammation, which would scald, while between my toes the flesh would peel off, and the itching and burning at times was almost unbearable. I tried doctor's prescriptions and other sure cures with no success.

Write MEDERINE REMEDY CO., Duluth, Minn., for their system of treatment. All letters answered. Illustrated booklet containing testimonials of cures mailed free.

The Northwestern Trust company, which has been acting as trustee for the company, has handed in its resignation to C. A. Jones, manager of the co-operative association, and as the trust company has \$1,100 in its possession belonging to the contract holders, it is probable that the courts will be asked to distribute the money to the certificate holders or order the transfer of the funds to another trustee. The Northwestern Trust company, which has been acting as trustee for the company, has handed in its resignation to C. A. Jones, manager of the co-operative association, and as the trust company has \$1,100 in its possession belonging to the contract holders, it is probable that the courts will be asked to distribute the money to the certificate holders or order the transfer of the funds to another trustee. The Minnesota & International Reduces Its Force for a Short Time—Falling off of Logging Business.  
It is estimated that some sixty or seventy men have been temporarily laid off on the M. & I. Most of these men belonged to the train crews which run the logging trains. There was a large quantity of logs to be hauled this fall but it was impossible to get at them and the work had to be abandoned.

## A SNUG SUM WAITS FOR OWNER TO CALL

Sheriff O. P. Erickson Receives a  
Letter Asking for Where-  
abouts of two Ladies.

VALUE OF CLAIM INCREASED.

Said to be About Three Thousand  
Dollars Waiting for Heirs of  
Fred Follensby.

It seems from the letter herewith that a man by the name of Fred Follensby, who was killed, has heirs in this vicinity but who have not been found up to date. Sheriff Erickson received the letter this morning from L. A. Rosing, of Cannon Falls, and it is self explanatory. It reads as follows:

"CANNON FALLS, MINN., Sept 23, 1903.  
"MR. O. P. ERICKSON, Sheriff,  
Brainerd, Minn.

"MY DEAR SHERIFF:

"While in Washington recently I met a Mr. A. V. VonPrestine, of Washington, who upon hearing that I was from Minnesota informed me that some years ago a man named Fred Follensby took a claim near his place and proved up on it. Soon thereafter he went to Canada and a year or two later the above named gentleman learned that Follensby had been killed. The claim that he had taken is now worth about \$4,000 and there charges against it of about \$700.

"This man Follensby was a very warm friend of VonPrestine and had informed him that he had a mother and sister living near Brainerd, Minn. He had written to the postmaster in your city asking for information in regard to these two women but has so far been unable to learn anything about them. I told him that I knew you very well and that if anyone in Crow Wing county knew anything about them you undoubtedly would, and I promised him that upon my return to the state I would write you. He said that if this mother and sister can be found there is about \$3,000 awaiting them in Washington.

"If perchance you should know anything of these people I would be very glad to have you write me and I will communicate with Mr. VonPrestine.

"With kindest regards I am  
Cordially yours,  
L. A. ROSING."

## MUSIC AND DRAMA.

"THE CONVICT'S DAUGHTER."

An original melodrama of absorbing interest, "The Convict's Daughter," will be offered at the Brainerd theatre next Monday, Sept. 28th. It portrays phases of human nature that are encountered every day. Fine scenic features, sensational realism and heart interest are its dominant elements. Five acts are required to develop the story. The first is a southern homestead; the second Col. Gould's drawing room, the third a shabby home in the quarries; the fourth a jail, and the fifth is a repetition of the first scene.

The principal characters are true to southern life. Among them are Col. Gould, a banker; James Blackadder, a trusted employe, but a villain; William Woodard, known as "Weary Willie," an educated, philosophical "hobo"; Jack Warbuton, and Edith, the adopted daughter of Col. Gould and the heroine of the play.

J. A. Fraser, Jr., the author, has placed these characters naturally and arranged life-like scenes from beginning to end. The play is strongly cast, and nicely produced.

JACK ROOT COMING.

Jack Root who stands ready to meet any man in the world, will be one of the features, giving a scientific exhibition of bag punching with the Polyscope pictures of the famous Root-Gardner battle at the Brainerd theatre on next Wednesday evening Sept. 30th. This should prove an interesting performance.

MADE A GREAT HIT.

The western tour of the Harold Nelson company was most auspiciously inaugurated at Brandon Monday night, the audience being one of the largest in the history of the wheat city. Scores of people were unable to obtain admission.

Mr. Nelson produced "Quo Vadis" and the production proved a most elaborate one and very much superior in respect to scenery, costuming and lighting to anything ever seen outside of Winnipeg.

The young star made a pronounced hit as Marcus Vinicius and received enthusiastic curtain calls. He has gathered about him a complete and capable company, all of whom did good work.

Mr. C. P. Walker, Mr. Nelson's manager, was present at the opening and shared the congratulations on the success attending it. Winnipeg Free-Press.

Don't try to wear that old rusty hat all fall. A new one in the latest shape will cost you only \$2.50 or \$3.00.

Maj. G. L. The greater part of this timber was blown down July 5, 1902, in the hurricane that swept over the locality at that time, and is estimated at between five and ten million feet of Norway and white pine. This comprises practically all the merchantable pine timber in the blown down area. No standing, green or live timber will be cut. Rules and regulations for the sale and cutting of this timber have been issued by the department of the interior.

## CONFERENCE NOTES.

Northern Minnesota Conference to be held  
at Duluth Will be full of  
Interest.

The following notes anent the coming conference of the M. E. church are taken from the Minneapolis Journal:

"Dr. Jabez Brooks, who, since 1882, has been professor of Greek in the state university, will preach the conference sermon, which will also be his semi-centennial sermon, preached by special invitation of the conference.

"The address of Dr. Robert Forbes, first assistant secretary of the board of church extension, is looked forward to with great interest. This will be the doctor's first appearance in his home conference since his election, and a royal welcome will be accorded him.

"The presiding elders will all, with possibly one exception, be reappointed. Rev. William Fielder, who has had four most successful years in the Minneapolis district, is equally desired by ministers and laymen. Under his supervision, the last of the church debts had disappeared and the Minneapolis district is free. Dr. Hingeley, who has had equal success in the Litchfield district, will also be retained.

"Rev. E. C. Clemans, appointed to the Duluth district to fill the vacancy made by the election of Dr. Forbes to the board of church extension, has made a splendid beginning and will be given a chance to continue his work in that rapidly developing country.

"With the pastors things are not so stable. On the Litchfield and Crookston district, nearly all the important pastorates will have a change."

## STRONGEST EVIDENCE OF FAITH.

H. P. Dunn & Co. Guarantee That Hyomei  
Will Cure the Worst Case of Ca-  
tarrh in Brainerd.

When one of the most reputable concerns in Brainerd guarantees that a medicine will effect a cure or they will refund the money, it speaks volumes as to the merits of that remedy. It is in this way that H. P. Dunn & Co. are selling Hyomei, the treatment that has made so many remarkable cures of both acute and chronic catarrh in Brainerd and vicinity.

Hyomei is not a pill nor is it a liquid that has to be taken with a tablespoon or wineglass. Just breathe it by the aid of an inhaler that comes in every outfit and benefit will be seen from the first treatment.

It destroys all germ life in the air passages and lungs and enriches and purifies the blood with additional ozone. It cures catarrh of the head and throat or of the stomach, liver and kidneys. Wherever mucous membrane contains catarrhal germs, there Hyomei will do its work of healing. When using this treatment, the air you breathe will be found like that on the mountains high above the sea level, where grow balsamic trees and plants which make the air pure by giving off volatile antiseptic fragrance that is healing to the respiratory organs.

A complete Hyomei outfit costs but \$1.00, and includes an inhaler, dropper and sufficient Hyomei for several weeks treatment.

Remember that if Hyomei does not cure you H. P. Dunn & Co. will refund your money. This is a good time to cure catarrh by this natural method and prevent catarrhal colds that are so common at this season.

## NOT PATRICK EGAN.

Report in St. Paul Paper That Pat Egan,  
Well Known Here, was Dead is  
Unfounded.

Considerable surprise was occasioned yesterday afternoon when people in this city read an article in the St. Paul Globe as follows:

"A telegram received yesterday by William Egan, the well known insurance agent, tells of the accidental killing in Arizona of his brother, Patrick Egan, who was out hunting Monday afternoon.

"The accident occurred near Winslow, Ariz., and no particulars were obtainable. A request was made by Mr. Egan that his brother's body be sent to St. Paul.

"This is the second sad death in the Egan family within a month. The tragic death of Miss Catherine Grathwol, in California, several weeks ago, was the first. Miss Grathwol was a sister-in-law of Mr. Egan."

The names in the above are reversed. It was William Egan a brother of Patrick Egan who was killed. He went to Arizona some four years ago.

## BODY OF RALPH SMITH FOUND.

The Nine Day Theory Proved Correct and  
the Body Came to the Surface of  
the Lake This Morning.

The body of Ralph Smith, the Northern Pacific fireman, was taken from Rice lake near Staples this afternoon, after being in the water for nine days. It will be remembered that he left his home nine days ago and went out on the lake in a small duck boat to hunt. He did not return to his room that night and some suspicions were aroused the next morning that he might have fallen in the lake and drowned. A thorough search was made and even after dragging the lake the search proved of no avail. The nine day theory was advanced and sure enough today, just nine days from the time the young man is thought to have drowned, the body came to the surface.

**STRONGEST EVIDENCE OF FAITH.**

H. P. Dunn & Co. Guarantee That Hyomei  
Will Cure the Worst Case of Ca-  
tarrh in Brainerd.

When one of the most reputable con-  
cerns in Brainerd guarantees that a  
medicine will effect a cure or they will  
refund the money, it speaks volumes as  
to the merits of that remedy. It is in  
this way that H. P. Dunn & Co. are sell-  
ing Hyomei, the treatment that has  
made so many remarkable cures of both  
acute and chronic catarrh in Brainerd  
and vicinity.

Hyomei is not a pill nor is it a liquid  
that has to be taken with a tablespoon  
or wineglass. Just breathe it by the  
aid of an inhaler that comes in every  
outfit and benefit will be seen from the  
first treatment.

It destroys all germ life in the air  
passages and lungs and enriches and  
purifies the blood with additional ozone.  
It cures catarrh of the head and throat  
or of the stomach, liver and kidneys.  
Wherever mucous membrane contains  
catarrhal germs, there Hyomei will do  
its work of healing. When using this  
treatment, the air you breathe will be  
found like that on the mountains high  
above the sea level, where grow balsamic  
trees and plants which make the air  
pure by giving off volatile antiseptic  
fragrance that is healing to the respira-  
tory organs.

A complete Hyomei outfit costs but  
\$1.00, and includes an inhaler, dropper  
and sufficient Hyomei for several weeks  
treatment.

Remember that if Hyomei does not  
cure you H. P. Dunn & Co. will refund  
your money. This is a good time to  
cure catarrh by this natural method  
and prevent catarrhal colds that are so  
common at this season.

**A SNUG SUM WAITS  
FOR OWNER TO CALL**

Sheriff O. P. Erickson Receives a  
Letter Asking for Where-  
abouts of two Ladies.

**VALUE OF CLAIM INCREASED.**

Said to be About Three Thousand  
Dollars Waiting for Heirs of  
Fred Follensby.

It seems from the letter herewith that  
a man by the name of Fred Follensby,  
who was killed, has heirs in this vicinity  
but who have not been found up to date.  
Sheriff Erickson received the letter this  
morning from L. A. Rosing, of Cannon  
Falls, and it is self explanatory. It  
reads as follows:

"CANNON FALLS, MINN., Sept 23, 1903.  
"MR. O. P. ERICKSON, Sheriff,  
Brainerd, Minn.

"MY DEAR SHERIFF:

"While in Washington recently I met  
a Mr. A. V. VonPrestine, of Washing-  
ton, who upon hearing that I was from  
Minnesota informed me that some years  
ago a man named Fred Follensby took  
a claim near his place and proved up on  
it. Soon thereafter he went to Canada  
and a year or two later the above named  
gentleman learned that Follensby had  
been killed. The claim that he had  
taken is now worth about \$4,000 and  
there charges against it of about \$700.

"This man Follensby was a very warm  
friend of VonPrestine and had in-  
formed him that he had a mother and sister  
living near Brainerd, Minn. He had  
written to the postmaster in your city  
asking for information in regard to  
these two women but has so far been  
unable to learn anything about them.  
I told him that I knew you very well  
and that if anyone in Crow Wing county  
knew anything about them you un-  
doubtedly would, and I promised him  
that upon my return to the state I  
would write you. He said that if this  
mother and sister can be found there is  
about \$3,000 awaiting them in Washing-  
ton.

"If perchance you should know any-  
thing of these people I would be very  
glad to have you write me and I will  
communicate with Mr. VonPrestine.  
"With kindest regards I am  
Cordially yours,  
L. A. ROSING."

**NOT PATRICK EGAN.**

Report in St. Paul Paper That Pat Egan,  
Well Known Here, was Dead is  
Unfounded.

Considerable surprise was occasioned  
yesterday afternoon when people in this  
city read an article in the St. Paul Globe  
as follows:

"A telegram received yesterday by  
William Egan, the well known insur-  
ance agent, tells of the accidental kill-  
ing in Arizona of his brother, Patrick  
Egan, who was out hunting Monday af-  
ternoon.

"The accident occurred near Winslow,  
Ariz., and no particulars were obtain-  
able. A request was made by Mr. Egan  
that his brother's body be sent to St.  
Paul.

"This is the second sad death in the  
Egan family within a month. The  
tragic death of Miss Catherine Grath-  
wol, in California, several weeks ago,  
was the first. Miss Grathwol was a  
sister-in-law of Mr. Egan."

The names in the above are reversed.  
It was William Egan a brother of Pat-  
rick Egan who was killed. He went to  
Arizona some four years ago.

**BODY OF RALPH SMITH FOUND.**

The Nine Day Theory Proved Correct and  
the Body Came to the Surface of  
the Lake This Morning.

The body of Ralph Smith, the North-  
ern Pacific fireman, was taken from  
Rice lake near Staples this afternoon,  
after being in the water for nine days.  
It will be remembered that he left his  
home nine days ago and went out on  
the lake in a small duck boat to hunt.  
He did not return to his room that night  
and some suspicions were aroused the  
next morning that he might have fallen  
in the lake and drowned. A thorough  
search was made and even after drag-  
ging the lake the search proved of no  
avail. The nine day theory was ad-  
vanced and sure enough today, just nine  
days from the time the young man is  
thought to have drowned, the body  
came to the surface.

**MUSIC AND DRAMA.**

**"THE CONVICT'S DAUGHTER."**

An original melodrama of absorbing  
interest, "The Convict's Daughter," will  
be offered at the Brainerd theatre next  
Monday, Sept. 28th. It portrays phases  
of human nature that are encountered  
every day. Fine scenic features, sensa-  
tional realism and heart interest are its  
dominant elements. Five acts are re-  
quired to develop the story. The first  
is a southern homestead; the second  
Col. Gould's drawing room; the third a  
shabby home in the quarries; the fourth  
a jail, and the fifth is a repetition of the  
first scene.

The principal characters are true to  
southern life. Among them are Col.  
Gould, a banker; James Blackadder, a  
trusted employe, but a villain; William  
Woodard, known as "Weary Willie," an  
educated, philosophical "hobo"; Jack  
Warbuton, and Edith, the adopted  
daughter of Col. Gould and the heroine  
of the play.

J. A. Fraser, Jr., the author, has placed  
these characters naturally and ar-  
ranged life-like scenes from beginning  
to end. The play is strongly cast, and  
nicely produced.

should prove an interesting perfor-

**MADE A GREAT HIT.**

The western tour of the Harold Nel-

the audience being one of the largest in

Mr. Nelson produced "Quo Vadis"

orate one and very much superior in  
respect to scenery, costuming and light-  
ing to anything ever seen outside of

The young star made a pronounced  
hit as Marcus Vinicius and received  
enthusiastic curtain calls. He has  
gathered about him a complete and  
capable company, all of whom did good

likelihood is that he will be laid up for

WITH GREAT ANXIETY  
EVENTS OF THE NEXT TWO DAYS  
AWAITED BY THE PEOPLE  
OF BULGARIA.

WHY PORTE IS NEGOTIATING

CLAIMED IT IS TO GAIN TIME IN  
ORDER TO EXTERMINATE  
MACEDONIANS.

Sofia, Bulgaria, Sept. 24.—A less  
hopeful feeling prevails today in gov-  
ernment circles regarding the general  
situation, although no actual change  
is reported. The events of the next  
two days are awaited with great  
anxiety, and popular feeling is more  
excited. A largely attended meeting  
of Macedonian sympathizers at Rus-  
chuk, Bulgaria, Sept. 22, adopted res-  
olutions appealing to the Bulgarian  
government to declare war on Turkey  
immediately.

In revolutionary circles war is be-  
lieved to be imminent, unless Turkey  
stoppe massacre the Christians. Dr.  
Christo Tatarcheff, president of the  
Macedonian organization, says that  
the insurgent committees attach no  
importance to the reported negotia-  
tions between Turkey and Bulgaria,  
because similar proposals were dis-  
cussed in 1897 and later in 1899, and  
in 1900. The porte, added Dr. Ta-  
tarcheff, entered into the conference  
only in order to gain time to finish  
the extermination of what it regards  
as dangerous elements in Macedonia.  
While the sultan's government is dis-  
cussing proposals for reform in Ma-  
cedonia, the troops continue to mas-  
sacre the Christians and to devastate the  
country.

The president of the Macedonian or-  
ganizations concluded by declaring  
that the insurgents would be satisfied  
with nothing short of intervention by  
the powers.

Special significance attaches to the  
Macedonian meeting at Ruschuk be-  
cause the resolutions adopted are the  
first open expression of such an em-  
phatic character in favor of war con-  
sidered by any popular meeting in Bul-  
garia. Ruschuk is the chief commer-  
cial town in the country. Resolutions  
were also passed thanking the pope,  
the English bishops, the trade union  
congress and the British and the  
American press for their expressions  
of sympathy with the Macedonian  
cause.

Fighting is reported to have taken  
place near Katchan, on the frontier,  
in which the Turks lost fifty men  
killed and the insurgents ten. A  
panic prevails at Katchan and all  
business and work is at a standstill.  
A number of reports of other minor  
encounters and more atrocities by the  
Turks continue to come in.

HEAVY FIGHTING PROCEEDING.

Turks and Insurgents Battle Near Vil-  
lage of Mishino.

London, Sept. 24.—A dispatch to the  
Daily News from Dubinitza, dated Sept.  
23, says heavy fighting has been pro-  
ceeding near the village of Mishino, in  
the district of Kotschang, five miles  
over the Bulgarian border. The in-  
surgents numbered 250, under Captain  
Treneff and Tchernoff, the latter be-  
ing the man who captured Miss Stone.  
The Turkish force, which consisted of  
ten battalions with artillery, suffered  
considerably. The insurgents sent  
couriers asking for immediate rein-  
forcements.

The insurgents have routed the  
Turks at Melnik and have captured  
many of them, including the com-  
mander of a Turkish division, who is kept  
a prisoner. Many Turks were killed.

KILLED THE CITY MARSHAL.

William Wilkerson Also Ended His  
Own Life When Surrounded.

North Vernon, Ind., Sept. 24.—Will-  
iam Wilkerson Wednesday drove his  
family from home and shot Marshal  
Schwabe to death when the marshal  
entered the house to arrest Wilkerson.

Wilkerson started for the country  
and a posse was organized to pursue  
him. A half mile from town Wilkerson  
was surrounded, and killed him-  
self with the same revolver with which  
he had shot Marshal Schwabe.

Wilkerson was formerly a guard at  
the Indiana reformatory in Jefferson-  
ville.

NO TRACE OF ROBBERS.

Railway and Express Companies Offer  
Reward for Capture of Bandits.

St. Joseph, Mo., Sept. 24.—Officers  
of the Burlington railway and the  
Adams Express company have an-  
nounced a reward of \$4,000 for the ar-  
rest and conviction of the men that  
held up and robbed the Portland limited  
express of the Burlington road  
north of St. Joseph Tuesday night.  
No trace of the robbers other than the  
finding of a rifle in the bushes near the  
scene of the robbery has been dis-  
covered.

WITH APPROPRIATE EXERCISES

Columbia University at New York  
Formally Opened.

New York, Sept. 24.—The 150th  
academic year of Columbia university  
was opened with appropriate exercises  
Wednesday, features of the programme  
being the dedication of the Goelet  
memorial statue "Alma Mater" and the  
announcement by President Nicholas  
Murray Butler of the endowment of  
the Pulitzer School of Journalism, and  
the gift of \$100,000, or \$200,000 if  
needed for the erection of a university  
chapel.

Oil Tank Cars Explode.

Zanesville, O., Sept. 24.—In a  
freight wreck at Norwich, on the Bal-  
timore and Ohio railroad Wednesday  
afternoon, two oil tank cars exploded.  
There was a terrific report and a sheet  
of flame rose 100 feet in the air and  
spread on all sides. Four houses at  
the side of the track caught fire and  
burned.

CONCLUDES ITS SESSION.

Minnesota Grand Lodge, Knights of  
Pythias, Adjourns.

St. Paul, Sept. 24.—The annual con-  
vention of the Minnesota Grand Lodge, Knights of  
Pythias, of the domain of Minnesota,  
concluded its sessions yesterday after-  
noon.

In the morning session it was decid-  
ed that all candidates for an advance-  
ment of a degree must undergo an ex-  
amination in the various degrees to  
which they already belong as well  
as in the secret work of the knight-  
hood rank.

The session adopted an amendment  
to the constitution recommended by  
the supreme lodge, providing for the  
impeachment of grand lodge officers  
in case of misconduct. In the after-  
noon an amendment to the grand  
lodge constitution was passed forbid-  
ding the local lodges of this state  
from providing any fixed amount of  
weekly benefit for sick members in  
the future, as it is considered that this  
savors of insurance. Each lodge, how-  
ever, is allowed to make appropri-  
ations for aid in cases of sickness of  
its members as the cases may require.

The budget for the coming year was  
passed, the per capita tax remaining  
at 50 cents.

The Rathbone sisters elected the  
following officers: Grand chief, Mrs.  
J. C. McCall, St. Paul; grand senior,  
Mrs. Ann Kierlin, Winona; grand  
junior, Gertrude Gilman, Sauk Center;  
grand manager, Margaret Hammond,  
Minneapolis; grand mistress of re-  
cords and correspondence, Mrs. Laura  
Kavanaugh, Breckenridge; grand mis-  
tress of finance, Mrs. Margaret Stock,  
Melrose; grand protector, Mrs. Ada  
Kremer, Grand Rapids; grand outer  
guard, Henrietta Clark, Redwood  
Falls; supreme representative, Mrs.  
E. M. Storgay, St. Paul, and Mrs. Flora  
Daveny, Minneapolis, as alternate.

PASSENGER TRAIN HELD UP.

Engineer Fatally Wounded and One  
Robber Reported Killed.

Portland, Ore., Sept. 24.—The Atlan-  
tic Express on the Oregon Railway and  
Navigation company's line, which left  
Portland at 8:15 o'clock last night,  
was held up at Corbett, twenty miles  
east of Portland, shortly before 10  
o'clock. It is reported that Engineer  
Barrett was fatally shot. Details of  
the robbery are meagre, and it is not  
known whether the robbers secured  
anything of value. The train was run  
by a locomotive from The Dalles.  
A special train left Portland for  
Corbett, carrying a posse. The  
railroad company has offered a reward  
of \$1,000 for the arrest of the rob-  
bers. The place where the hold-  
up occurred is in a sparsely settled  
country on the banks of the Columbia  
river. It is reported that the robbers  
went to the express car and attempted  
to enter and the express messenger  
opened fire and killed one of them.

VICTORY FOR SAM PARKS.

New York Walking Delegate and His  
Friends Win at Kansas City.

Kansas City, Sept. 24.—After being  
in session behind closed doors since  
early morning, the convention of the  
International Association of Bridge  
and Structural Iron Workers at 10  
o'clock last night voted in favor of  
seating Sam Parks and the other dele-  
gates from local union No. 2 of New  
York. There were but three votes cast  
against Parks and his friends.

These were the ballots of President  
Buchanan, a Kansas City delegate and  
one other. The result was a decided  
victory for Parks, as it reinstates him  
and local No. 2 of New York of which  
Parks is the business agent and direct-  
ly repudiates the action of President  
Buchanan in suspending it. The  
Parks delegation will now have seats  
on the floor and the supposedly regu-  
lar New York delegates are out of it.

WITH GREAT ANXIETY  
EVENTS OF THE NEXT TWO DAYS  
AWAITED BY THE PEOPLE  
OF BULGARIA.

WHY PORTE IS NEGOTIATING

CLAIMED IT IS TO GAIN TIME IN  
ORDER TO EXTERMINATE  
MACEDONIANS.

Sofia, Bulgaria, Sept. 24.—A less  
hopeful feeling prevails today in gov-  
ernment circles regarding the general  
situation, although no actual change  
is reported. The events of the next  
two days are awaited with great  
anxiety, and popular feeling is more  
excited. A largely attended meeting  
of Macedonian sympathizers at Rus-  
chuk, Bulgaria, Sept. 22, adopted res-  
olutions appealing to the Bulgarian  
government to declare war on Turkey  
immediately.

In revolutionary circles war is be-  
lieved to be imminent, unless Turkey  
stop massacring the Christians. Dr.  
Christo Tatarcheff, president of the  
Macedonian organization, says that  
the insurgent committees attach no  
importance to the reported negotia-  
tions between Turkey and Bulgaria,  
because similar proposals were dis-  
cussed in 1897 and later in 1899, and  
in 1900. The porte, added Dr. Ta-  
tarcheff, entered into the conference  
only in order to gain time to finish  
the extermination of what it regards  
as dangerous elements in Macedonia.  
While the sultan's government is dis-  
cussing proposals for reform in Ma-  
cedonia, the troops continue to mas-  
sacre the Christians and to devastate  
the country.

The president of the Macedonian or-  
ganizations concluded by declaring  
that the insurgents would be satisfied  
with nothing short of intervention by  
the powers.

Special significance attaches to the  
Macedonian meeting at Rutchuk be-  
cause the resolutions adopted are the  
first open expression of such an em-  
phatic character in favor of war com-  
ing from any popular meeting in Bul-  
garia. Rutchuk is the chief commer-  
cial town in the country. Resolutions  
were also passed thanking the pope,  
the English bishops, the trade union  
congress and the British and the  
American press for their expressions  
of sympathy with the Macedonian  
cause.

Fighting is reported to have taken  
place near Kotehani, on the frontier,  
in which the Turks lost fifty men  
killed and the insurgents ten. A  
panic prevails at Kotehani, and all  
business and work is at a standstill.  
A number of reports of other minor  
encounters and more atrocities by the  
Turks continue to come in.

HEAVY FIGHTING PROCEEDING.

Turks and Insurgents Battle Near Vil-  
lage of Mishino.

London, Sept. 24.—A dispatch to the  
Daily News from Dublitz, dated Sept.  
23, says heavy fighting has been pro-  
ceeding near the village of Mishino, in  
the district of Kotehang, five miles  
over the Bulgarian border. The in-  
surgents numbered 250, under Captain  
Trenoff and Tchernooff, the latter be-  
ing the man who captured Miss Stone.  
The Turkish force, which consisted of  
ten battalions with artillery, suffered  
considerably. The insurgents sent  
cavalry, asking for immediate rein-  
forcements.

The insurgents have routed the  
Turks at Melnik and have captured  
many of them, including the command-  
er of a Turkish division, who is kept  
a prisoner. Many Turks were killed.

KILLED THE CITY MARSHAL.

William Wilkerson Also Ended His  
Own Life When Surrounded.

North Vernon, Ind., Sept. 24.—Will-  
iam Wilkerson Wednesday drove his  
family from home and shot Marshal  
Schwabe to death when the marshal  
entered the house to arrest Wilkerson.  
Wilkerson started for the country  
and a posse was organized to pursue  
him. A half mile from town Wilkerson  
was surrounded, and killed him-  
self with the same revolver with which  
he had shot Marshal Schwabe.  
Wilkerson was formerly a guard at  
the Indiana reformatory in Jefferson-  
ville.

NO TRACE OF ROBBERS.

Railway and Express Companies Offer  
Reward for Capture of Bandits.

St. Joseph, Mo., Sept. 24.—Officers  
of the Burlington railway and the  
Adams Express company have an-  
nounced a reward of \$4,000 for the ar-  
rest and conviction of the men that  
held up and robbed the Portland lim-  
ited express of the Burlington road  
north of St. Joseph Tuesday night.  
No trace of the robbers other than the  
finding of a rifle in the bushes near the  
scene of the robbery has been dis-  
covered.

WITH APPROPRIATE EXERCISES

Columbia University at New York  
Formally Opened.

New York, Sept. 24.—The 150th  
academic year of Columbia university  
was opened with appropriate exercises  
Wednesday, features of the programme  
being the dedication of the Goetz  
memorial statue "Alma Mater" and  
the announcement by President Nicholas  
Murray Butler of the endowment of  
the Pulitzer School of Journalism, and  
the gift of \$100,000, or \$200,000 if  
needed, for the erection of a university  
chapel.

Oil Tank Cars Explode.

Zanesville, O., Sept. 24.—In a  
freight wreck at Norwich, on the Balti-  
more and Ohio railroad Wednesday  
afternoon, two oil tank cars exploded.  
There was a terrific report and a sheet  
of flame rose 100 feet in the air and  
spread on all sides. Four houses at  
the side of the track caught fire and  
burned.

AIDED BY THE POLICE.

"Pogromshiks" Murder Jews and Burn  
Their Dwellings.

Gomel, Government of Mohile, Russia,  
Sept. 24.—The Associated Press  
correspondent has made an investiga-  
tion on the spot of the Pogrom, as the  
Russians describe the anti-Semitic  
riots, which occurred here on Sept. 11  
and were renewed for several days.  
The riots were smaller but perhaps  
more remarkable than those which  
took place at Kishineff, because the  
police and military openly sided with  
the plunderers and murderers, the  
"Pogromshiks," as the Russians called  
them. The troops, supported by many  
educated and well-to-do Christians,  
formed a movable shield behind which  
the "Pogromshiks" ruthlessly demol-  
ished the Jewish homes and shops and  
cruelly clubbed such Jews as fell in-  
to their hands, leisurely proceeding  
from street to street and district to  
district as they did so.

Five Christians were killed and ten  
were wounded and about 400 houses  
were burned.  
Fears are expressed that the coming  
market days, Sept. 27 and 28, may wit-  
ness a repetition of the Pogrom.

CUT IN PLATE GLASS PRICES.

American Manufacturers Trying to  
Kill Belgium Competition.

Pittsburg, Sept. 24.—The prices of  
plate glass have been cut an average  
of 10 per cent. The announcement is  
made from official sources and the re-  
duced rates went into effect at mid-  
night. The cut is made for the pur-  
pose of saving to the American man-  
ufacturers close on \$2,000,000 worth of  
American business which the Belgium  
manufacturers have been enabled to  
take from them. It is the purpose of  
the American manufacturers to put  
the Belgian producers entirely out of  
the American trade.

OIL DERRICKS DESTROYED.

Fire at Beaumont, Tex., Causes a Loss  
of Over a Hundred Thousand.

Beaumont, Tex., Sept. 24.—Fire that  
started at noon Wednesday in the east  
end of the Shochting oil district, de-  
stroyed thirty-five derricks, causing a  
total loss estimated at \$120,000.

The principal loser was the West  
Davis company. Other losers include  
the Davy Crockett, Emmett Landy and  
Jackson Tobin companies.

TELEGRAPHIC BREVITIES.

James J. Corbett says he is anxious  
to fight Bob Fitzsimmons.

Reports from the timber belt of  
Northern Minnesota say the loss from  
the recent storm may reach more  
than \$1,000,000.

President Roosevelt is said to be  
considering a trip south this winter,  
and may speak in two or three cities  
in Georgia and Alabama.

The 100th anniversary of the execu-  
tion of Robert Emmet was celebrated  
last night in Indianapolis at Masonic  
Hall by the Irish societies.

James J. Duclax, aged thirty, shot  
himself in the right temple at the east  
end of the Robert street bridge, St.  
Paul, and died an hour later.

The state department has received  
a telegram from United States Consul  
Hanna at Monterey, Mexico, reporting  
that yellow fever has broken out there.

The twenty-third annual reunion of  
Old Time Telegraphers and Historical  
Association and Society of United  
States Military Telegraph Corps was  
held in Milwaukee Wednesday.

Princeton's 157th year began  
Wednesday with appropriate exercises  
in Marquand chapel. The faculty at-  
tended in academic costume led by  
Secretary Charles McAlpin, Dean H.  
B. Fine and Former President Grover  
Cleveland.

CONCLUDES ITS SESSION.

Minnesota Grand Lodge, Knights of  
Pythias, Adjourns.

St. Paul, Sept. 24.—The annual con-  
vention of the Grand Lodge, Knights of  
Pythias, of the domain of Minnesota,  
concluded its sessions yesterday after-  
noon.

In the morning session it was decid-  
ed that all candidates for an advance-  
ment in the various degrees of the  
order to which they already belong as well  
as in the secret work of the knight hood  
rank.

The session adopted an amendment  
to the constitution recommended by  
the supreme lodge, providing for the  
impeachment of grand lodge officers  
in case of misconduct. In the after-  
noon an amendment to the grand  
lodge constitution was passed forbid-  
ding the local lodges of this state  
from providing any fixed amount of  
weekly benefit for sick members in  
the future, as it is considered that this  
savors of insurance. Each lodge, how-  
ever, is allowed to make appropri-  
ations for aid in cases of sickness of  
its members as the cases may require.

The budget for the coming year was  
passed, the per capita tax remaining  
at 80 cents.

The Bathbone sisters elected the  
following officers: Grand chief, Mrs.  
J. C. McCall, St. Paul; grand senior,  
Mrs. Ann Klerin, Winona; grand  
junior, Gertrude Gilman, Sauk Center;  
grand manager, Margaret Hammond,  
Minneapolis; grand mistress of re-  
cords and correspondence, Mrs. Laura  
Kavanaugh, Breckenridge; grand mis-  
tress of finance, Mrs. Margaret Stock,  
Melrose; grand protector, Mrs. Ada  
Kremer, Grand Rapids; grand outer  
guard, Henrietta Clark, Redwood  
Falls; supreme representative, Mrs.  
E. M. Storey, St. Paul, and Mrs. Flora  
Daveny, Minneapolis, as alternate.

FOR MAYOR OF NEW YORK.

Republican and Citizens' Union Con-  
ventions Nominate Seth Low.

New York, Sept. 24.—The Republi-  
can and the Citizens' Union city con-  
ventions met last night, the former at  
the Grand Central Palace, and the lat-  
ter at Cooper Union, and nominated  
Seth Low for mayor. Edward M.  
Grout was named for comptroller, and  
Charles V. Fornes for president of the  
board of aldermen.

The nomination of Mayor Low was  
voted unanimously, the nominations  
of the other candidates following.

The platform adopted when the  
convention assembled declared that  
"the Republicans of New York un-  
qualifiedly endorse the efficient and  
businesslike administrations of Mayor  
Low, Comptroller Grout and President  
Fornes," and declare that every prin-  
ciple of two years ago had been ful-  
filled in letter and in spirit. The issue  
of the campaign was declared to be the  
continuance of this "honest, intelli-  
gent and progressive administration."

PASSENGER TRAIN HELD UP.

Engineer Fatally Wounded and One  
Robber Reported Killed.

Portland, Ore., Sept. 24.—The Atlan-  
tic Express on the Oregon Railway and  
Navigation company's line, which left  
Portland at 8:15 o'clock last night,  
was held up at Corbett, twenty miles  
east of Portland, shortly before 10  
o'clock. It is reported that Engineer  
Barrett was fatally shot. Details of  
the robbery are meagre, and it is not  
known whether the robbers secured  
anything or not. The train was run  
to Bridal Veil, six miles, where it  
will be met by a locomotive from The  
Dalles. A special train left Portland  
for Corbett, carrying a posse. The  
railroad company has offered a reward  
of \$1,000 for the arrest of the high-  
waymen. The place where the hold-  
up occurred is in a sparsely settled  
country on the banks of the Columbia  
river. It is reported that the robbers  
went to the express car and attempted  
to enter and the express messenger  
opened fire and killed one of them.

VICTORY FOR SAM PARKS.

New York Walking Delegate and His  
Friends Win at Kansas City.

Kansas City, Sept. 24.—After being  
in session behind closed doors since  
early morning, the convention of the  
International Association of Bridge  
and Structural Iron Workers at 10  
o'clock last night voted in favor of  
seating Sam Parks and the other dele-  
gates from local union No. 2 of New  
York. There were but three votes cast  
against Parks and his friends.

These were the ballots of President  
Buchanan, a Kansas City delegate and  
one other. The result was a decided  
victory for Parks, as it reinstates him  
and local No. 2 of New York of which  
Parks is the business agent and direct-  
ly repudiates the action of President  
Buchanan in suspending it. The  
Parks delegation will now have seats  
on the floor and the supposedly regu-  
lar New York delegates are out of it.
